Student Grants Program

All AAUW Glendale members should always be pleased about the value of our student grants program. However, although we have been giving them for decades, sometimes the importance of these scholarships to the individual girls might not always be appreciated in our busy daily lives. A letter from an associate principal, received in April, is a reminder of this important fact. A portion of that letter is extracted here: "If you were to see the sense of pride and pleasure evidenced by our seniors when notified that they were singled out for recognition .. you would be assured of the worth of your efforts. By your interest and generosity, you are rewarding these fine young people for their accomplishments and encouraging them in the pursuit of their educational and career goals." We are so very happy to continue supporting our young women.

Hello Glendale Branch:

May is a busy month in that we will have our Tech Trek girls and our student grant recipients with us this month. We also have Mother's Day and Memorial Day at the end of the month to look forward to. We need to give thanks to the mothers in our group and to our Veterans. Our Tech Trek girls and student grant recipients need to know the importance of being a mother as well as the importance of serving one's country, earning a degree and having a career. These are the goals we wish our young people to strive for in order to serve God and Country.

14th–19th National Women's Health Week

The Department of Health and Human Services, who sponsors the week, reminds us that "we all have a role to play in women's health." Indeed, this reminder rings as true today as it did in 1885 when AAUW released its first research report entitled, "Health Statistics of Female College Graduates" which disproved the ridiculous theory that a college education would harm a woman's health and result in infertility. Significant barriers still persist and prevent women from achieving optimal health. Prejudices about women's health have existed throughout history but courageous people continue to take action to disprove them. <http://www.aauw.org/2013/05/13/college-doesnt-make-you-infertile/> <https://www.cdc.gov/women/nwhw/index.htm>

PLEASE LET ME KNOW (by email) IF YOU PLAN TO COME! It is difficult to plan a feast not knowing if anyone will come! I do not need to hear from anyone who is NOT coming, only from those who are! A week ahead would be nice. The Ways & Means team thanks you for your courtesy, and for your help in filling the Glendale AAUW coffers!
